At Juno Markets, our **Dynamic Leverage** system automatically adjusts based on your account equity, helping you maximize trading potential while managing risk. As your equity grows, leverage is adjusted to match your exposure:

Equity	Leverage
\$ 0- \$ 9,999	1000X
\$ 10,000- \$ 49,999	500X
\$ 50,000- \$ 99,999	400X
> \$ 100,000	200X

Leverage **changes only when you open positions**, ensuring smaller accounts can take advantage from higher leverage and larger accounts manage risk effectively. Our dynamic leverage system is automatically applied to your account, allowing you to focus on your trading without having to manually adjust your settings.
